At ICS, we pride ourselves in our unique ability to integrate comprehensive strategy and cutting edge security into information operations. Learn more at www.ICSlnc.com.

Information Assurance / CyberSecurity

ICS has been delivering information assurance, information protection and cyber-security services since 1997. The service catalog was initially developed to support our Department of Defense clients and has evolved to provide a military-grade level of service to our commercial and public sector clients.

- **Programmatics** (policy, planning, PMO support, risk based decision support);
- **Risk Assessment** (NIST 800-30; ISO 17799 / 27001 / 27002);
- **Compliance** (FISMA, COBIT, COSO, HIPAA, Governance, PCI DSS);
- **Business Continuity Planning** (BS25999; NFPA 1600; plan lifecycle management)
- **Disaster Recovery** (ISO/IEC 24762:2008; full lifecycle management);
- **Technical Security** (computer network defense / offense CND/CNO, attack & penetration; application security assessment; database security testing; system hardening);
- **Solutions Management & Integration** (design, source, build, deploy, manage);
- **Incident Response** (imaging, analysis, forensics, legal support).
