

Red Team Engineering Innovation (RTEJV)

Small Business Joint Venture | Proven Prime | Federal Tech Innovator

Small Business Partnering Opportunities

RTEJV is a premier technology integrator and prime contractor on DISA's Encore III and SETI-SB. With over 27 years supporting the Department of Defense, our expertise spans mission-critical IT solutions, cybersecurity, and emerging technologies — all with measurable, mission-focused results.

RTEJV Capabilities & Differentiators

- C2 Ops & Mission Support – Engineering, O&M, cybersecurity for global C2 systems
- Agile DevSecOps & Cloud Migration – Secure, automated pipelines for DoD missions
- Cybersecurity & Risk Management – RMF, penetration testing, threat mitigation
- Datacenter & Network Ops – Large-scale IT infrastructure and network security
- AI & Innovation Management – ISO 56001-aligned agile innovation frameworks

Why RTEJV:

- ✓ 27+ years of federal experience
- ✓ 87 of 88 CPARS: Exceptional or Very Good
- ✓ 99.999% uptime – NMCC systems
- ✓ Veteran-Owned Small Business (VOSB)
- ✓ DCAA-Compliant
- ✓ Scalable partnerships with a track record of integrating small businesses

What We're Looking For

Technical Capabilities:

- DevSecOps, Advanced Cyber, Spectrum, Cloud
- Specialized services for JSSC, DCP, DECC-M, etc.
- Cost-effective delivery of IT services (e.g., help desk, server/db admin)

Non-Technical Requirements:

- Proven proposal-writing capability
- CMMC Level 2 (strongly preferred)
- Fast, reliable recruiting & delivery capability

Customer Access Targets

- Department of the Air Force (DAF):
 - PEO C3 & PEO Digital (Boston)
 - Cyber-focused orgs (San Antonio)
 - AFLCMC (Wright-Patterson AFB)
- DISA Adjacencies: COCOMs, Army, Navy, USAF
- Global Readiness: CONUS/OCONUS experience, SOFA/TESA compliance

Ideal Partner Traits

- ✓ Brings Capabilities, Customer Access, and Contracts
- ✓ Provides niche, high-demand skills
- ✓ Supports cost competitiveness and rapid staffing
- ✓ Transparent, collaborative, and focused on mission outcomes

Why Partner with RTEJV?

- Access to multimillion-dollar vehicles (SETI-SB, Encore III)
- Opportunity to contribute specialized capabilities to large-scale federal missions
- A trusted, transparent partnership model backed by real past performance
- Long-term growth potential with a prime that delivers
